DESCRIBE THE PRESENT AND ORIGINAL (if known) PHYSICAL APPEARANCE

This three story high, three bay wide, flat roofed building is built of brick laid in running bond. It was built as a commercial building.

Portions of the original storefront, with wooden detailing corresponding to that of the floors above, remain around an entrance on the left and at the storefront cornice level. On the right, brown brick, plate glass and wood make up the current storefront. Original detailing in wood includes rolled brackets, dentils and beadwork.

The second and third floor windows are double hung with two-over-two lights. Flat wooden window hoods are supported on rolled acanthus brackets. The windows have wooden sills.

The tripartite wooden cornice is supported on brackets like those at the windows. Beneath it is a wooden frieze adorned with linear ornament in a lozenge motif.
